To Whom It May Concern:

The Village of Minoa has been fortunate to have worked with Two Plus Four Construction Co., Inc. and Ms. Barb Lamphere in the development of a thirty-two unit senior housing project named Eastview Gardens. The housing project has been open for approximately four and one-half years and it is a welcome addition to the center of our Village.

Since opening Eastview Gardens, Two Plus Four Construction Co., Inc. has also become an active part of our community participating in our Here's To Old Minoa Days, a community summer celebration. Eastview Gardens also used their community room for a polling place for elections, while our new municipal building was being constructed. In addition, they gave the Village of Minoa permission to memorialize the Minoa Graded High School with a placing of two globes that were the cornerstones for the high school that once occupied the site now known as Eastview Gardens.

Not only was this a much needed complex, but from the onset of the planning through the grand opening our experience with Two Plus Four Construction Co., Inc. was nothing less than professional. They were a pleasure to deal with and I would not hesitate to recommend them to anyone.

Sincerely,

A handwritten signature in black ink, appearing to read "Richard J. Donovan", with a long horizontal flourish extending to the right.

Richard J. Donovan
