To Whom It May Concern:

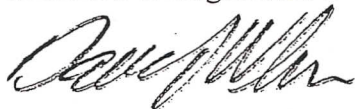

Over the past two decades we have enjoyed and benefited from our relationship with Two Plus Four Construction Co., Inc. Their expertise during the application and funding phase of the project has been invaluable. Turning a project into reality is what sets Two Plus Four apart from the others.

In the types of projects we have been associated with teamwork during design, construction documents and the construction phase is key to project success. Two Plus Four has been integral in achieving that success. Their ability to work within a fixed cost environment and provide a high quality of construction is what Two Plus Four does day in and day out.

We would not have enjoyed the success we have had on those projects without our relationship with Two Plus Four.

Sincerely,
