Dear Ms. Lamphere;

On behalf of Wyoming County Community Action, Inc. and its Board of Directors I would like to express our sincere appreciation to Two Plus Four Construction for the relationship we have developed over the past 5 years.

As you well know, we had no experience in housing development when we began our first project with Two Plus Four. You certainly proved to be more than just a construction company.

It didn't take long for us to appreciate seeing Brenda at our monthly job site meetings and knowing everything (all that nasty paperwork) would all be dealt with in a timely and professional manner. Working with Pete and his staff showed me that as problems surfaced they could be dealt with and the job would continue.

After our experience with Silver Lake Meadows it became apparent that we wanted Two Plus Four to become part of our development team. Your willingness to work with our architect during the planning stages and listening to our partners helped us in securing funding for our other projects.

I have enjoyed getting to know Sue Kimmel and knowing she is never too busy to take my call or listen to my thoughts or concerns.

Thanks so much Sue and Pete for bringing us along this exciting road of building communities where families can raise their children in a safe, affordable quality home. We are making a difference.

Respectfully;

Martin D. Mucher  
Executive Director
